**MARCH 2010**

## **2010 Men's Member Guest**

*June 4<sup>th</sup> – 6<sup>th</sup>*

Members who played in 2009 will have the first option of entry into the 2010 Member Guest. Those participating from 2009 must commit by Saturday, March 27<sup>th</sup>. Members who did not participate may put their name in a lottery for any remaining spots and alternates. We encourage you to add your name to the drawing which will be held in the Men's Grill on Sunday, March 28<sup>th</sup> at 1:00 pm. The format includes five 9-hole matches with starting times; two matches on Friday, two matches on Saturday, and one match on Sunday. A shoot-out will follow on Sunday afternoon. This year's entry fee is \$945 per team and includes all meals and beverages each day, dinner/dance on Saturday and tee gifts and prizes.

**EACH MEMBER AND GUEST MUST HAVE A USGA  
HANDICAP**

### **Turf Talk with Gary Weller**

As you know this has been the coldest and wettest winter on record. Therefore, it has been very difficult to get any of our projects completed on the course.

#### Concerns: Winter Kill

At our TTA Conference in January, the big buzz was winter kill. Although we have had colder temperatures in past years, we have never had 10-12 consecutive days below freezing. This brings some concerns. In the meantime, I have taken samples out of the fairways and placed them under a growth light. The samples have greened up very well. This does not mean that there is no turf loss at all. Only time will tell. At this point I feel pretty good, although we still could have some unpredictable weather ahead.

#### Poa in Greens

We will start back on our Trimit Program this spring. We will not treat #10 green because it has too much poa. We will wait until it can be resurfaced.

The following are projects completed this winter and planned for the spring:

#### **Completed Projects**

- Overhauled equipment (new bearings, sharpen mowers, etc.)
- Painted all tee markers and hazard stakes
- Brush clearing
- Tree removal
- Rebuilt driving range water cooler
- Repaired Driving Range net from flood damage
- New pump house for #6 creek pump.
- Pruning
- Some cart path edging

#### **Future Projects – as weather allows**

- Finish edging cart paths
- Cart path repairs
- #14 restroom inside renovation
- Driving range drainage
- Add sand to bunkers
- Spray out weeds and pre-emerge
